

## NEWSLETTER

We want to wish you such a Happy, Healthy and Rewarding New Year !

And we hope it is one in which you will always know how important you are to our work.

May your year ahead be filled with blessings !

interdiac Team

### The interdiac registration

We are pleased to announce to you that interdiac successfully finished the registration process at the Regional Court in Ostrava.

Interdiac now has its own identification number (285 67 919), which allows us to submit the projects on our own behalf.

### Invitation to apply to the first interdiac course

The first interdiac learning module **Social Inclusion, Participation and Diaconia** will run from 31st August 2009 till 15th September 2010. This programme aims to give participants a multi-perspectival understanding of participation and social inclusion. Participants will develop their understanding of the phenomenon of social exclusion and of policies to tackle it. They will develop their analytic competence and the knowledge and the professional skills needed for social and diaconal work in a community context. Participants will develop their own project involving user participation or community development work

The invitation to apply was opened at beginning of December and the applications should be sent **before 31st**

**March 2009**, to the interdiac postal address. All the relevant information on recruitment procedure and the content of the pilot module can be downloaded from [www.interdiac.eu](http://www.interdiac.eu).

### The interdiac Library is equipped!

A room that will be used for learning and for the workshops of interdiac is now equipped with furniture. This will enable us to start creating the technical infrastructure for our interactive and on - line learning programmes.

*The year 2008 was a happy year for us. We celebrated the Birth-day of interdiac. It gives us an opportunity to acknowledge all your Courage, Care and Commitment. Which are strong impulses for our healthy development. We have reached this point at the right time and are ready to look through the new door into interdiac space.*

*The year 2009 seems to be more diverse in terms of activities and people involved. As well as preparation activities and running of the pilot module, intensive fundraising for the Accommodation & Training Centre of interdiac will start. We feel commitment to undertaking this journey with you, our partners and colleagues.*
